

Dear colleagues,

I am delighted to let you know that the SASCRO website has been revised with the aim of making it clearer and more useful to SASCRO members.

The website address is above:

The website has three sections for information:

- A **Reference Corner** for professional information which includes patient care and SASCRO policies.
- A **Registrar** section for information on training and exams. This will kindly be maintained by Dr Alicia Sherriff.
- An **'Events and Posts'** section which aims to be relevant to both the public and private sector.

We welcome information for the SASCRO website.

Kind regards,  
Raymond  
SASCRO Chair
